

ProofMaster Contract Proofing Media

Matt 140 GSM

FOGRA CERTIFIED MATT COATED PAPER

Very low content of optical brighteners | Certified for FOGRA 47L proofing conditions

ProofMaster®

DESCRIPTION

Very high-quality matt coated paper designed for proofing of uncoated production papers with no OBA content, it shows outstanding results with the latest generation of inkjet printers.

Certified for FOGRA47L proofing conditions, this new premium matt coated paper has almost no optical brighteners and is an ideal contract proof media for ISO 12647-7 requirements.

- Remarkable color stability
- Excellent production consistency
- 3 inch core rolls to reduce curling
- Compatible with Epson, HP, and Canon printers
